

PT-BATCramp-U8

Insulated Battery Cramp-U Shape

Features

- Connecting between a battery electrode bolt and the battery monitor(ZHT-BMI50)
- Consisted of 3 parts: high quality clip, safety tube, RV/VW-1/16 AWG power line

Technical Specification	
Max. Battery Bolt Diameter	8mm
Clip Opening Diameter	6mm
Max. Wire Length	50cm
Wire Specification	RV/VW-1/16 AWG, 105 C, 600V
Power Consumption	<0.5W
Safety Tude Specification	φ5×20mm, 250Vdc/1A, speedy melt fuse
Safety Tude Location	Middle of cramp
Color	Red or black
